

transportation

Mobility becomes a central issue when our ability to transport ourselves disappears. But our independence doesn't have to end here. Luckily, there are numerous community and area-wide organizations available for assistance. Their services are varied, as are their capabilities. Whether it's attending a doctor's visit, grocery shopping or visiting a grandchild on a special birthday, there's no need to isolate yourself from your needs and those of your family and community. A ride may be just a phone call away.
